Your measurements in flying gear (cm)

Shoulder height _____ Chest _____ Hips _____ Shoe _____

Your choice of colours

Main body _____ Pockets _____ Boot (Manta only) _____

Parachute

Right hand side
 Left hand side

Options - \$80 each

Non-standard / special colours
 Split body colour

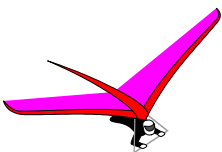

Notes:

- Make all measurements in flying clothing and shoes, we allow for pack-up gear and water.
- Shoulder height should be measured at point where shoulder strap sits.
- Measurement for chest should be taken under the armpits and over the nipples.

* If you would like a tight fitting harness take measurement around chest with exhaled breath.
 * If you would like a more loose fitting harness take measurement around chest with a large inhaled breath.

Deposit of \$300 is required to secure production spot. Construction time approximately 4 weeks from receipt of deposit.
